Hi, Greg. Region 2 recommends that the attached be the response to State Senator Marchione's letter. As you can see, we have made the letter shorter and simpler and have eliminated most of the acronyms. We feel that this is more appropriate. Pls. give me a shout if you'd like to discuss, and pls. keep me posted as this continues through the OW review process. Thanks.

Thank you.

Paul - Thanks for sharing. The 9/6/16 incoming from Sen Marchione is the same letter that Eric forwarded on Friday (see below). It was assigned to OGWDW but we want to be sure to coordinate with Region 2 on the response.

I haven't heard anything yet about the 9/7/16 letter from the Commissioners being assigned to OGWDW.

Stephanie: Since the letter is from NY State we will need to coordinate with Region 2 and may require a few days. Can you please request an extension?

Greg,

The attached control AX-16-001-1980 has been assigned to your office. The response is to be signed by Joel, so I will need a draft for Peter's sign-off by COB September 14th.

If you need an extension of the due date, let me know...

Thanks,
Steph

Thanks, Greg. We in the Region weren't aware of that letter from the state senator. What we had seen is a similar (though more argumentative and critical) letter, dated Sept. 7, 2016, from the Commissioners of the NYS Health Dept. and Environmental Dept. to the Administrator. That letter is attached, and here is a link to the press release the Governor issued when the state sent that letter: <https://www.governor.ny.gov/news/governor-cuomo-calls-aggressive-new-water-quality-protections>. The Sept. 7 letter has been referred to OGWDW to prepare a response, right? (Eric - that's the letter I was discussing with you last week.)

The Region will review your draft response to the Marchione letter and send you comments in a day or so. Thanks,
Greg.

Paul/Doug:

Attached for your review is a draft response to the inquiry from State Senator Marchione. I'm also attaching the incoming.

Ex. 5 - Deliberative Process

Since Steph needs this by Tues (not Wed), 9/20, and since I'm traveling that day, I'd appreciate feedback by COB Fri, 9/16. I'll use your input to create a revised version for Eric's and Peter's review.

Thanks.

Greg
